

## ORGANIZATION PROFILE

“ SEEING OUR WORKS MAKE A POSITIVE AND  
SUSTAINABLE CHANCES IN THE LIFE OF THE  
INDIVIDUAL AND SOCIETY AS A WHOLE ”

*Our Vision*

---

## INTRODUCTION

---

The NEW VISION charity is an independent, non-profit, charitable organization with a seal and logo. It was established in Hargeisa, Somaliland in 2015, and its geographical scope includes all Somaliland cities and villages. The organization aims to provide humanitarian assistance to people displaced from their areas due to natural disasters, poverty and at the same time, trying to raise the standard of living for the affected people and reduce their suffering, and provide them with adequate housing.

NEW VISION works in key sectors represented in the fields of education, health, food security, livelihoods, shelter, water provision, relief, social welfare and nutrition, and each sector has many projects that will benefit annually tens of thousands of community members.

## OUR VISION

---

Seeing our works make a positive and sustainable chances in the life of the individual and society as a whole

## OUR MISSION

---

Our Mission is to provide integrated human and development services through the various programs and activities that the organization provides to build and develop the individual so that They become an active and productive member of society. Also contribute to their rehabilitation so that they depends on themselves through the various programs of the organization.

Relying on a deep understanding of the needs of society, as well as having a team of administrative staff and volunteers who are qualified to do so, and in partnership with all different government agencies and foreign humanitarian bodies that present in the country, we can determine the extent of the needs of individuals in different regions”

# OUR GOALS

---

- A. Providing social services, the most important of which is the shelter or housing project for the displaced people.
- B. Developing the skills and abilities of members of the community to enable them to participate positively in public life.
- C. deepening human and social values among members of society and spreading a culture of cooperation and social interdependence.
- D. Doing small profitable projects managed by the organization to help the citizen in developing themselves and securing requirements of life without resorting to others such as agriculture, livestock and fishery.
- E. Carrying out educational, development and humanitarian services in cooperation with official bodies, internal and external organizations, and within their capabilities.
- F. Opening a technical school to teach the unemployed citizen technical career, such as, electrical technician, mechanical technician, radiology technician, computer technician, carpentry, blacksmithing and welding, and many other things needed by the market.
- G. Reaching the organization to what it achieves with stable and continuous resources.
